

Flippin High School - 2026-27 Arkansas Engagement Plan

Please read over the form closely, being sure to address all guiding questions. Note the Assurances section allows you to confirm practices that are *required* but do not need further elaboration within the written portion of your plan. In the response fields, you may include links to additional information that can help support your story as you answer the guiding questions.

1: Jointly Developed

Describe how the School works with parents and families to develop and review relevant plans, policies, and strategies related to engagement.

Guiding Questions

- **1.1:** *How does the School - in collaboration with parents - establish an engagement plan that reflects the specific academic improvement needs of the School, and that includes programs and practices that enhance engagement and address the specific engagement needs of students and their families?*
[A.C.A. § 6-15-1702(a)]
- **1.2:** *What efforts have been made to ensure adequate representation of parents and families of participating children in the process (Title I families)?*
[ESSA § 1116(c)(3)]

1.1

- Parent representatives are involved in the development of the High School Parent and Family Engagement Plan. Surveys are sent to parents, and QR codes linking the survey are provided during CAP appointments, parent teacher conferences, and FAFSA night.
- Parent representatives and the Parent Facilitator meet annually to review and update the plan to meet the needs of the current parents and students. Data from surveys is used to guide decision making.

1.2

- Parents are recruited based on the current student population to ensure a variety of students are represented. The annual meeting is also held in conjunction with the Academic Awards ceremony to help attendance, since parents would not have to attend on a separate evening.
- All parent comments are forwarded to the District Parent and Family Engagement Coordinator if the plan is unsatisfactory. If the Parent Facilitator feels that the issue can be resolved at the building level the issue could also be taken directly to the building principal. If parents request additional meetings, those meetings will be scheduled at the earliest convenience of all the committee members.

2: Communication

Describe how the School will communicate with and distribute information to parents and families.

Guiding Questions

- **2.1:** *How does the School distribute an informational packet appropriate for the age and grade of each child annually, ensuring to include:*
 - *description of the engagement program*
 - *recommended roles for parents, students, teacher, and the School*
 - *ways for a family to get involved*
 - *survey regarding volunteer interests*
 - *schedule of activities planned throughout the school year*
 - *regular, two-way, and meaningful system for parents/teachers to communicate*
[A.C.A. § 6-15-1702(b)(3)(B)(i)]
- **2.2:** *How will the School ensure information related to school and parent programs, meetings, and other activities is provided to parents in a format and in a language that parents can understand (to the extent practicable)?*
 - *How is relevant information provided in a variety of ways? (For example, paper copies made available, as well as social media posts, website links, parent apps, etc.?)*
[ESSA § 1116(e)(5)]
- **2.3:** *How does the School offer flexible opportunities for meetings with families?*
[ESSA § 1116(c)(2)]

2.1

- The school has set up a variety of means to distribute information to parents and students based on the age and grade of each child. These include the following: Throughout the school year, in the Remind app, parents are sent information about ways to be involved, roles that they can play in their child's education, information about school events, links to surveys, and always have the option to reply to the teachers that are set up as "Owners" of that particular group. Group "Owners" are typically the principal, counselor, class sponsors, registrar, and teachers that play a key role for that grade or activity. We also make automated calls to the parents that have signed up for them as needed to share information.

2.2

- Before the start of school in August, students and families meet with their advisor to go over and make changes to the student's class schedule, discuss expectations and rules, hand out Chromebooks, and explain communication systems. In the spring, students and parents again meet with their advisor to schedule classes for the following school year, start paperwork for college and tech school classes, and look at Student Success Plans to check graduation requirements and progress on community service when applicable.
- Upcoming high school events are communicated weekly via The Morning Show, created and produced by Mr. Jefferson's social media class. The morning show is sent to the high school faculty and students through school email, and posted on our school's Facebook page, Instagram, and YouTube for parents to view.

- An annual meeting will be scheduled to inform parents of the Title I requirements and parent rights under Title I. This meeting is scheduled in the fall of each year and the public is invited through an announcement in the local newspaper, social media posts, and phone call through the district automatic calling system.

2.3

- Parent meetings are also available on an appointment basis, during parent teacher conferences, CAP meetings during open house, CAP appointments at the end of the year, and at other times that are deemed necessary.

- Parents are actively involved in Career Action Plan (CAP) conferences at least two times a year in high school. During these meetings, parents, along with their student(s), participate in a meeting with their advisor to create a plan for their academic success. Parents go over a four-year plan, class schedule, course options, student concerns, student success plans, parent concerns, and update on any past assessments. In the fall, parents are given data sheets from state testing, as well as information about how to access interim and summative testing data online throughout the year.

4.2

- During CAP conferences, parents are informed on how to access and use Home Access Center, the website used across the district to run report cards and issue grades. The High School teachers and staff are continually looking for innovative ways to communicate with students and parents about learning and student growth. Throughout each school year parents and students are contacted through our phone alert system, school website, social media pages, email, regular mail, and Remind.
